Dear Howard,

I want to personally thank you for the support that **Skolnik Industries** has provided our company in the re-purchase of **Consolidated Container**. As we enter our third year of business under new ownership, our success has depended upon solid relationships with our vendors, customers and employees.

As we are all aware, the last couple of years have been a challenge. The threat of steel shortages and increased energy costs could have disrupted our mission to be the premier container supplier in the Greater Midwestern United States. Fortunately, through strategic partnerships like that which we have with Skolnik, our business has consistently delivered quality products on-time and to our customer's satisfaction.

It is my hope that we continue to lead our industry through these challenging times with the dedication and commitment that the marketplace demands.

Look forward to continued success!

Sincerely,

J. Phillip Dworsky
