Dear Mr. Skolnik:

I would sincerely like to extend a big "THANK YOU" for all of the years of wonderful service that Skolnik Industries has provided to McMaster-Carr Supply Company.

Your company's attention to detail shows itself in many different ways:

- Fulfilling McMaster-Carr's requests for special packaging to reduce damages and speed the check-in time for the many orders that we receive on a daily basis. Special labeling and bagging of drums are but two of the several requests that Skolnik is able to fulfill for McMaster-Carr.
- Accurate lead-time information from your friendly and knowledgeable customer service staff, so that we may better manage our inventory levels.
- No order minimums. Whether it's for one or 100 drums, Skolnik is always ready to accommodate our needs in a timely and efficient manner.
- Skolnik's personnel are all just so darned nice!

Again, please accept my most heartfelt appreciation for the many ways that Skolnik Industries has been able to work together with McMaster-Carr throughout the years. I look forward to many more.

To your company's continued success, I wish you all of the best.

Sincerely,

David See
