

ITEM IP6530TO-CR : OPEN HEAD SEAMLESS STAINLESS

Skolnik Straight-Sided, Seamless Stainless Steel Drums are uniquely suited for the pharmaceutical, food processing and personal care industries, or any situation requiring the purity and integrity of a seamless, crevice-free, stainless steel container. The crevices of conventional drums can capture bacteria. These drums feature a smooth, continuous, crevice-free interior and straight sides with no hoops. Additionally, the White Food Grade EPDM Cover Gasket, Carbon Steel Nut and Bolt Ring closure ensure your product remains securely packaged and uncontaminated throughout storage or transport. Use them to contain personal care and pharmaceutical products or on your food processing line. Our Crevice-Free, Seamless Stainless Steel Drums outperform carbon steel drums in corrosion resistance, tensile strength and reusability. No one else makes seamless drums to our exacting standards.

Part Number	IP6530TO-CR
Volume	65 US Gallons
Style	Open Head
Material	304 Stainless Steel
UN Solid	N/A
UN Liquid	N/A
Thickness (tp/bd/bt)	1.5/1.5/1.5
Fittings and/or Gasket	EPDM (FDA)
Closure	Carbon Steel Bolt Ring
Exterior Color	N/A
Interior Color	N/A
Weight	86.50 Lbs
Inside Diameter	30.00 Inches
Inside Height	21.42 Inches
