
ITEM SL5502RB : OPEN HEAD SEAMLESS STAINLESS

Skolnik Seamless Stainless Steel Drums offer an innovative solution for situations requiring purity and compatibility of materials. While conventional drums contain a crevice that can capture bacteria, these drums feature a smooth, continuous, crevice-free interior. Use them to contain acids, medical and pharmaceutical products, on your food processing line, or when it is important to prevent the release of fumes through seams. Our Crevice-Free Stainless Steel Drums outperform carbon steel drums in corrosion resistance, tensile strength and reusability. Skolnik Seamless Stainless Steel Drums are available in stainless types 304, 316 and 409—UN certified. No one else makes seamless drums to our exacting standards.

Part Number	SL5502RB
Volume	55 US Gallons
Style	Open Head
Material	304-2B Stainless Steel
UN Solid	1A2/X435/S
UN Liquid	1A2/Y1.5/200
Thickness (tp/bd/bt)	1.5/1.5/1.5
Fittings and/or Gasket	EPDM
Closure	Bolt Ring
Exterior Color	N/A
Interior Color	N/A
Weight	80.00 Lbs
Inside Diameter	22.50 Inches
Inside Height	32.80 Inches
